WHO WE ARE?

Barcelona is a world reference city for urbanism, technology and social innovation, a hub for European and global creators on different fields.

The 17th -18th of June, Barcelona Maker Faire will host the most inspired, talented and ambitious makers, enthusiastic to share all their knowledge and creativity through exhibitions, workshops, and interactive demos.

With the participation of leading international experts that will present and discuss the latest results and contributions in education, society, and economics, Barcelona Maker Faire wants to contribute promoting imagination, creativity, innovation and learning of new skills and ideas.

Barcelona Maker Faire will be organized by Sonar, Fab Lab Barcelona and Soko, with the support of Make magazine, Barcelona City Hall and IN(3D)USTRY.

The faire will count with 2 days of presentations featuring **Nadya Peek**, MIT Media Lab, **Sherry Lassiter**, Fab Foundation, **Indy Johar**, Dark Matter.

Over 200 projects, demos, and workshops focused on creativity, innovation and advanced technologies (robotics, big data, augmented reality, 3D printing, digital manufacturing, computer vision, the internet of things, among others), demonstrations live presentations drones and robots.
